To Oulu Golfkerho,

On behalf of Finnish Golf association we like to thank Oulu Golfkerho for doing great work organizing golf tournament in Barents Games. For golf sports it is excellent that golf is part of Barents Games. It gives our sport a great possibility to grow in every part of northern Europe.

To develop junior golf work in all northern countries we see it very important to have contacts for other nations, like in this Barents Games tournament.

We hope that you will have a great tournament in Oulu and wish great play for every player.
